

Ibrahima Sylla

WEB DEVELOPER

WHO AM I ?

Passionate Web & Mobile Developer with expertise in both front-end and back-end development. I hold a degree from SONATEL ACADEMY and am currently in my third year of a bachelor's program in network administration and management. During my internship at SONATEL in the Information Services Department, I worked on various applications, allowing me to gain solid skills in the digital domain.

EXPERIENCES

Full Stack developer at SONATEL
React developer at KATI360
